SCTP Youth Sporting Clays Program – Palmyra Young Guns

By Bob Ditzler

2024 began the new joint venture shared between Palmyra Sportsmen's Association and Steelstown Gunning Club. The exciting launch took place March 12, touting ten new athletes, supportive parents and family, three assistant coaches, and Head Coach Scott Fuhrman to lead the way.

Any doubt or apprehension that might have been felt early on, quickly turned to drive and determination from all. The Tuesday evening coaching sessions and Saturday course work provided the perfect atmosphere to hone their skills and to challenge the team, both physically and mentally.

For our first official team appearance on April 14, the athletes attended the Central Penn Crushers Classic which was both fun and informative. On June 2, the Palmyra Young Guns competed in a PA Scholastic Clay Target Program scrimmage for the Steve Ostroha Traveling Cup at Lehigh Valley Sporting Clays. Out of 6 teams and 50 plus shooters competing, we secured a first place placement in the intermediate entry division and an overall outstanding team performance from all the athletes!

In a little over three and a half months, we have watched our athletes grow in both skill and understanding of their sport. More than that, we have been privileged to witness the creation of the bond that only a true team understands. We are ready to move our team forward into what appears to be a very promising future in SCTP Sporting Clays!
